Protect Yourself From Sickness

AND BE READY FOR EMERGENCY
AGAINST SUMMER HEAT, FALL RAINS,
WINTER STORMS AND SPRING SLUSH

"5 Drops"

in the house
guarantees safety
from every
danger

IF YOU live in a section where cyclones, tornadoes, or hurricanes are frequent, you have probably built a cyclone cellar for protection; or your house is built to withstand the extremes of storm, cold and heat. Take as wise a precaution for your health as you do against sudden bodily injury. Better be killed by violence, than to die a lingering, torturing death by disease. Better than either, act wisely. Prevent disease. Cure disease. **"5 DROPS"** does it. Buy a bottle to-day. Have it in the house. It is a sure, unfailing help in the hour of dire need. With a bottle of **"5 DROPS"** in the house you have nothing to fear from sudden attacks of disease. You are prepared. Protect yourself. That is nature's first law. There are coming days of snow, of sleet and rain; days of freezing, days of thawing. Some such day you will need **"5 DROPS"** and be unable to get it. Buy a bottle to-day. Springtime brings its sudden changes, raw, cold winds and driving rains. Summer heat will reduce the nervous vitality and make your body an easy prey to disease. There is danger in every sudden change, in every exposure, unless you have **"5 DROPS"** near at hand. **Swanson's "5 DROPS"** is a certain preventive and a certain cure. It kills the germs. It is the only absolute cure for **Rheumatism** in all its forms. It acts on the Stomach, Liver and Kidneys, purifies the blood, strengthens the nerves as nothing else can, and builds up the entire system to a healthy condition. **"5 DROPS"** is the faithful guardian and sentinel of the human system. It stands at the door and challenges every germ that knocks for admittance. It is a germ-killer; the great preserver of health and vigor. Where it is used disease cannot long exist. **"5 DROPS"** is used with unfailing effect in the following diseases: **Rheumatism in all its forms, Sciatica, Backache, Neuralgia, Nervousness, Sleeplessness, Nervous and Neuralgic Headaches, Nervous Dyspepsia, and Nervous affections of every description, Asthma, Hay Fever, Croup and Bronchitis, Catarrh, Heart Weakness, Toothache, Earache, La Grippe, Malaria, Creeping Numbness and kindred diseases.**

Read Testimonials in this booklet. There is food for thought in them. Think what it has meant to these people to be cured, to be free from pain. **"5 DROPS"** has made and is making thousands of such cures every day.

SWANSON'S FIVE DROPS

An Internal and External Remedy

AN ABSOLUTE CURE FOR

Rheumatism in its many forms, Sciatica, Neuralgia, Nervousness, Sleeplessness, Nervous and Neuralgic Headaches, Nervous Dyspepsia and Nervous Affections of every description, also for Asthma, Hay Fever, Catarrh, Croup and Bronchitis, Heart Weakness, Toothache, Earache, Backache, La Grippe, Malaria, Creeping Numbness and kindred diseases.

Small Dose but Great Strength

It is not the use but the abuse of drugs that is responsible for the fact that there are to-day two large classes of people—one that believes in no medicine, and that other that has as a watchword "small doses."

FIVE DROPS, in strength and efficacy, is allopathic, yet in simplicity and harmlessness is homeopathic. In **FIVE DROPS** you have the highly concentrated essence of some wonderfully curative herbs and vegetables hitherto unknown to medical science, and it is offered in such a form that you have all the strength of large doses and all the convenience and easiness in digestion of small

PROMPT—Because it is the highly concentrated essence of the most curative agents known.

SAFE—Because it does not contain any animal, mineral, alcoholic, opium or poisonous material, but is purely vegetable and non-purgative.

SURE—Because taken internally, it acts directly on the blood—the supporter of life—and not on the food eaten. Applied externally it is absorbed directly into the nerve centers, thence being distributed to all parts of the body.

CHEAP—Because a bottle contains 300 doses.

The Nerves

of the body are a network of live wires. They are the fountain-head of life; they permeate every structure. They fight the system's battles against illness and injury; they repel germs; they ward off colds. Thousands of times in each individual's span of life, sickness knocks boldly at the door, but finding the nervous system **strong** and **prepared**, is denied admittance.

Not Strong

Suppose, however, the nerves are **not** prepared. Suppose them weakened by over-work—over-eating—poor air—lack of exercise or by exposure to the elements! Can they then resist the inroads of disease? Are they proof against the invasion of germs? No! **STIMULATE** the nervous system—make it **strong** and **prepared**—give it a lift at the right time—tap this

living network with the proper remedies—furnish what it **needs** and **calls for**, and nine times out of ten the disease will be conquered at the outset.

If every disease were attacked **at its outset**, there would be little need of doctors! The great trouble is, so many maladies **get well of themselves** (that is, they find the nervous system **strong** and **prepared**) that one **waits** and **waits**, hoping for a lucky turn, but if the nerves are not as they should be, a serious illness is sure to follow.

Every form of severe sickness is preceded by a period during which the patient "feels bad,"

That means "**GET READY!**"

Take the **PREVENTIVE** at once! **FIVE DROPS.**

Deadly Germs

Do you realize that disease germs are everywhere?—in the air you breathe—in the food you eat—in the water you drink! How can you escape them? In only two ways! By keeping yourself in perfect health, when nature unassisted can throw off the deadly poison, or by fortifying an enfeebled and weakened system with a searching germ destroyer. No disease germ can live in the blood or system in the presence of **FIVE DROPS.**

Small Dose! The Reason

Because **FIVE DROPS** is compounded on an entirely new scientific principle, instead of the old style medicine which contained one part medicine and ninety-nine parts water or adulteration. **FIVE DROPS** is all medicine. **FIVE DROPS** is the balsamic essence in its most concentrated form of hitherto unused tropical plants. The dose, five drops, twice a day is all the human system can absorb.

Entirely Harmless

Because the remedy containing as it does only highly concentrated curative principles, is free from all impurity and adulteration and does not act through the stomach, digestive organs or bowels, but is immediately absorbed by the blood and nerves.

Always Effective

Because it removes the Cause, and being absorbed as above stated, the character of the medicine is not altered by the action of the stomach acids.

FIVE DROPS is a perfect nerve stimulant and system tonic.

Rheumatism and Gout

purities from the blood. Anyone knows that if you do not have enough pressure in a filter it cannot work well. Well, there isn't enough pressure on the kidneys, consequently they cannot get power enough to strain out certain poisonous substances (lactic acid and uric acid); these poisons are retained in the blood, and the latter dumps them into any convenient corner temporarily—in the joints, in the muscles in the valves of the heart, etc. The result of these processes is what we call either Rheumatism or Gout, according to which acid it is that remains. That's the story in a nutshell.

Now, any sensible person will understand that the best way to cure a disease is to **remove the cause**. Doctors will tell you that this is the **fundamental principle** to be observed in the treatment of all maladies.

What is the cause? Weak circulation; relaxed blood-vessels; diminished pressure in the kidneys?

What's the remedy? A dose of **FIVE DROPS** twice a day, as directed, will increase the blood pressure, tone up the blood vessels, stimulate the circulation and relieve the pain.

Blood Diseases, Eczema, Scrofula.

blood it helps the liver, kidneys and stomach to regain their even balance, and to accomplish the work required by nature to keep that wonderful piece of mechanism, the human system, in perfect health and condition.

The Phenomenal Success of **FIVE DROPS** in the many forms of Neuralgia and nervous affections, warrants us in making the statement that it is

A Positive Cure for Neuralgia.

Neuralgia, Sciatica, etc.

In all forms of Neuralgia—and their number is legion, since the nerves are everywhere—the nerves or nerve-sheaths are inflamed; they **throb** and **shoot** from congestion and arrested circulation. **FIVE DROPS** puts a shoulder to the wheel—hastens circulation, quiets pain, and soon restores things to their normal condition.

Under this far-reaching term "Neuralgia" may be classed Sciatica, migraine, facial neuralgia, tic douloureux, nervous headache, toothache, earache, backache, sciatic rheumatism, cramps in the bowels or extremities, breast pang, and all forms of disease where there is sharp, acute pain. In all such troubles **FIVE DROPS** gives **IMMEDIATE RELIEF**, at once soothing the throbbing nerves and **effecting a permanent cure**.

Lumbago

or Rheumatism of the Loins is a peculiar form of rheumatic trouble affecting the muscles about the loins, and is often characterized by severe spasms of pain at intervals and generally accompanied by fever. Lumbago is often mistaken for Inflammation of the Kidneys, but can be readily distinguished from this as the pain from Lumbago always becomes more severe on stooping. In treating Lumbago it is necessary to keep the loins well covered to prevent sudden chills, making local applications to the affected parts. Internal treatment with **FIVE DROPS** and the application of a **FIVE DROP PLASTER** (see directions below) will invariably effect a speedy cure.

Insomnia

We all know puts a most terrible strain upon our constitution, and allows us no time of rest or recuperation. The cause is a diseased nervous system, and **FIVE DROPS** at bed time will give one a quiet and refreshing sleep.

La Grippe, Catarrh, Asthma and Hay Fever

Are all strange nervous diseases of the respiratory organs due to the presence of germs in the air passages which are feeding on the mucous membrane and tissues in which they are imbedded, producing the worst kind of blood poison, giving rise to such symptoms as offensive breath, discharge from the nose, dropping in the throat, spasms of coughing, frothy mucous arising from stomach, difficulty in breathing and many other distressing evidences of disease. **FIVE DROPS** will remove all these troubles and make you strong and well again. If you are troubled with all or any of the above symptoms do not wait, delay is dangerous, begin a course of treatment with **FIVE DROPS** at once, by inhalation, external and internal treatment, as these diseases require a treble treatment. The internal treatment will eradicate the poisonous matter from the system, purifying and enriching the blood. The inhalation of **FIVE DROPS** will destroy all germ life in the respiratory organs. The external treatment will afford instant relief from pain. The following somewhat crude method has given unqualified success in every case where it has been tried. Into a teacup full of hot water place ten to fifteen drops of the remedy, hold the mouth over the cup and inhale the vapor of the medicine as it arises from the hot water, surrounding the face and cup with a newspaper or towel to prevent loss of the vapor. After considerable thought we have devised a small pocket inhaler, made in one piece and composed entirely of glass, which is much more convenient to use and can be carried in the pocket for frequent use, which is a great necessity in severe cases.

Heart Weakness Dyspepsia The Stomach The Liver The Kidneys The Intestines

We are essentially a rapid nation. We eat fast, we live fast. It takes a vigorous constitution to stand the high pressure of this living. All must suffer from the strain at some time. Some sooner, some later. Fast eating throws more strain on the stomach than it ought to have. Fast living, in the rush and hurry of life is certain, sooner or later, to produce heart weakness. We don't stop to think of that. We keep right on overloading. The stomach is so

good and so willing! We know that even after days or weeks of ill treatment, overcrowding and general abuse, a little rest and a little coaxing will usually right things, and this good-natured organ is ready to forgive and begin anew. A time is sure to

come however, when **enough is enough**. Patience has ceased to be a virtue. After many unheeded warnings, the stomach gets discouraged and **rebels**. How is that? Why, it just **strikes work** and lays up for repairs.

If we **must** overload the stomach at times and increase its burden, isn't it policy to **help** it along, to give it **more strength** at such times? Of course it is! **FIVE DROPS** will do this quickly and thoroughly. You don't have to take it for a week before you begin to feel better. No, indeed! **A single dose** will give immediate results. It goes **direct to the spot**. You know it does, because you can feel it. Try it **just once**. It speaks for itself. It conquers Dyspepsia, Indigestion, Heartburn, Sour Stomach, Acid Eructations, Water-brash, Gastric Ulcer, Fermentation and all similar troubles; Engorgement of the Liver and Kidneys, Biliousness and Jaundice. It keeps the liver-cells properly at work and prevents the formation of gall stones.

What has been said of the Stomach is also true in the same degree of the Heart, Liver and Kidneys. They all form a co-partnership. They depend upon one another. What helps one, helps the other. **FIVE DROPS** will immediately stimulate the heart's action if taken internally and applied externally over the region of the heart.

Important

Remember at all times that in addition to having the proper medicine, you must use it in the proper manner. This means follow each and every one of our directions implicitly. Do not neglect any of the details we suggest, as each and every one of our directions is intended to serve some particular purpose and helps to cure. In sending you the grandest remedy that has ever been discovered for Rheumatism and Nervous Diseases as well as Catarrh and Bronchial Troubles, we have done our part; it remains for you to do your part as well.

We are not surprised that many people have lost faith in all medicines, which promise a cure for these troubles, because they have paid so much money for nothing. Let us assure you once and for all that **FIVE DROPS** is totally unlike any medicine which has ever been placed within the reach of suffering humanity up to the present day, as we can truthfully say that **FIVE DROPS** never has, and we believe never can fail to cure each and every case, no matter how severe or of how long standing.

Moreover, it does not take from 12 to 40 Bottles of **FIVE DROPS** to cure you; one to three bottles is all that is required in most cases, making **FIVE DROPS** the cheapest remedy known. **FIVE DROPS** gives immediate relief in all acute pains such as Neuralgia, etc., but in cases of long standing chronic affections it may take 5 to 10 days before any special improvement is noticeable.

NOTE

It frequently happens where the patient has been suffering intense pain for a considerable time, that when the remedy **FIVE DROPS** has relieved the pain, a great weakness is felt. This is not caused by the action of the medicine, but is a natural result of the overstrung condition of the nerves. The suffering one does not realize how weak he is while the intense pain lasts. It is only when the pain has gone and the nervous system is soothed by the action of **FIVE DROPS** that the weakness is recognized. The tremendous strain put upon the nerves by the terrible suffering, draws from every part of the body its strength and vitality. Under the soothing action of **FIVE DROPS**, Nature will assert herself and build up the wasted tissues, thus repairing all weakness of the system. Nature is the greatest of all physicians but needs the assistance of **FIVE DROPS**, which is her own remedy. Furthermore, when the severe pains are removed, the joints, sometimes, appear stiffer than before. This is merely a delusion, and arises from the same cause as the weakness, but perseverance for a little while in the use of the remedy will overcome this and ultimately remove all stiffness, except in cases where ossification of the joints has taken place.

General Directions.

"FIVE DROPS" should be taken twice a day, in doses, from five to ten drops at a time on a little sugar, morning and at bed time.

Where the patient is very weak commence with three drops and work up to five. In addition, always use externally morning and evening, rubbing thoroughly along the full length of the spine from the neck downwards, and across small of the back. Apply also freely to any painful parts, such as joints, ankles, hands, etc. Where the patient suffers great pain apply Five Drops freely four or five times a day externally until the pain entirely disappears. It is in many cases of great assistance to bathe the painful parts with hot water, and after drying apply the remedy and cover with warm flannels.

Before applying **FIVE DROPS** externally the affected part should in all cases when convenient, be thoroughly washed with warm water and then well dried. This removes all impurities from the pores of the skin and allows the remedy to be more quickly absorbed and therefore to give quicker relief.

These general directions must be followed in every case in addition to the special directions given below for each disease.

IMPORTANT.—It is absolutely necessary in all cases to keep the bowels in good working order, thus enabling the system to throw off the poisonous matter which has been neutralized in the blood by the searching action of the remedy **FIVE DROPS**. We recommend the **SWANSON PILLS** as the only suitable cathartic for this purpose. Two of these pills taken once or twice a week, as found necessary, will remove all foreign matter and materially improve the general health.

SPECIAL DIRECTIONS.

For **RHEUMATISM, SCIATICA, NEURALGIA, LUMBAGO** or any kindred disease, where the patient is suffering pain, follow the general directions in every detail, and where the trouble arises from some affection of the nerves, as in **SCIATICA** (which affects the great Sciatic Nerve), or in **NEURALGIA, NEURALGIC HEADACHE, Tic Douloureux**, etc., etc., endeavor, in applying the remedy, to follow the course of the particular nerve as far as possible, always rubbing away from the center of the body. For **SCIATIC RHEUMATISM** apply freely to small of back and rub in well over affected parts. For **Lumbago** apply **FIVE DROPS** to small of back directly above hips on each side of the spine.

For **NERVOUS and NEURALGIC HEADACHES, NERVOUS DYSPEPSIA, SLEEPLESSNESS**, etc., etc., rub on temples, across forehead, behind the ears and back of head at the base.

For **HEART WEAKNESS**, in addition to internal treatment, rub well along the spine and over the heart three or four times daily.

For **LA GRIPE, MALARIA**, etc., follow general directions, and apply freely along spine, across small of back and abdomen.

For **CATARRH, ASTHMA, HAY FEVER** and **BRONCHIAL TROUBLES** take internally twice a day and apply along the full length of spine twice a day (see general directions), and, in addition, inhale the vapor of the remedy either by placing in hot water (see paragraph on Catarrh, etc.) or in the **FIVE DROP Pocket Inhaler**.

For **CATARRH of the STOMACH** take the morning dose of five drops before breakfast and immediately afterwards drink a cup of hot water and follow general directions.

To use the FIVE DROP Inhaler it is only necessary to remove the cork and drop a small quantity of the remedy on the medicated gauze, place the flattened end in the mouth and draw the breath through the Inhaler. You thus inhale the vaporized medicine. Next, place the rounded end of the inhaler first in one nostril, then the other, and closing the mouth and one nostril, draw your breath through the Inhaler. You thus bring the vaporized medicine through air passages which are not reached by inhalation through the mouth. Do not let out your breath through the inhaler. Remove it before letting out the breath in each case. Take three or four fairly deep breaths at a time, each way (nose and mouth). This treatment by inhalation should be used once an hour. After using the Inhaler replace the cork to prevent evaporation of the medicine, and carry it in your pocket for frequent use. Recharge the inhaler once a day with more of the remedy.

For Children.—The remedy of **FIVE DROPS** may be given internally to children as follows: From 1 to 5 years old 2 drops each day. 3 drops every day may be given to children from 5 to 10 years of age, and 4 drops every day at the age of 10 to 15 years. However, the remedy may be used externally along the spine and on any painful parts, as well as by inhalation even by very young children.

PRICE Of large bottles, 300 doses, \$1.00. This is the only size we will manufacture in the future. Do not ask our agents or druggists for any other size, for they will not have any for sale but the dollar size bottles.

Cured Two Cancers in Texas.

Mr. John Butler, of Brewer, Texas, writes: "5 DROP" Salve has cured two cancers here. It is wonderful, miraculous!"

Report from Ohio.

GENTLEMEN:—"5 DROP" Salve is the best remedy I have ever used for Running Sores, and thank God for what it has done for me. It is my best friend and I will praise it as long as I live.
W. BROWN, Bookwalter, Ohio.

Cured a Running Sore in 4 Days.

DEAR SIRS:—I thought I would drop you a few lines about your "5 DROP" Salve. When I was born in Nebraska to see my father and mother, he had an awful bad leg, and I just happened to have a box of "5 DROP" Salve with me. I was there four days, and before I left, the leg was nearly all healed up. It was a bad running sore. Yours truly,
ELMER O. SMITH, Box 264, Storm Lake, Iowa.

Suffered 30 Years, Now Cured.

GENTLEMEN:—Yours of Feb. 26th before me and contents noted. In answer will say that I am well supplied with "5 DROPS" and that I intend to keep myself well supplied, as I have never, in thirty years of suffering, found any medicine to give me the relief of rheumatic pains that "5 DROPS" has. I always take pleasure in recommending "5 DROPS" to all of my suffering acquaintances. Yours respectfully, G. W. BURNETT, Westcliffe, Colo., March 3, 1901.

Horrible Itching Eczema Cured After 8 Years of Torture by One Box, of "5 DROP" Salve.

GENTLEMEN:—For 8 years I had Eczema—horrible, itching Eczema. I had tried various remedies and various doctors without success until 1896. After doctoring nearly all that year, I managed to drive it away, but it promptly reappeared in 1897. That year it disappeared under mental treatment, but reappeared this year. I tried more medicine and doctors this year, but to no effect. Happening upon a box of your Salve I used that, and the Eczema disappeared before the box was empty. There has been no indication of the trouble since I quit using the Salve, so it was a cheap and effective cure. MRS. F. S. GREEN, 807 Forty-Fourth Street, Chicago.

Cured of Bleeding Piles.

DEAR SIR:—I wish to say that your "5 DROP" Salve has cured me of Piles in the worst form. I had been a sufferer for 10 years, so bad at times I could not ride on horseback and could not sit on a chair. Blood would pass from me, a half pint or more at a time. I began taking the Swanson Pills and using the "5 DROP" Salve on May 18 last, and the dreadful pain has left me and I do not pass any more blood as I used to. The Salve is simply wonderful. It is also a bonanza for Inflamed Sore Eyes, and I know several cases cured by just rubbing it around the eyelids. Affidavit can be given in proof of what I say about your salve. Respectfully, GEO. M. DRY, Midgett, Tex.

What an Old Veteran Has to Say.

GENTLEMEN:—This is to certify what your "5 DROPS" has done for me. I am 57 years old, went through the civil war and, of course, was exposed a great deal. I have been troubled with Rheumatism off and on ever since last spring. It commenced in my right arm and then behind my shoulder. I suffered so much pain I could not rest day or night, and had a tingling sensation in my arm and hand all the time. I used doctors' medicines and tried all sorts of liniments and an electric battery, but nothing gave me relief until I commenced taking "5 DROPS." Now I am well and can do as much work as anyone of my age. Inclosed find Money Order, for which send me a dozen bottles of "5 DROPS." P. H. COOK, Sterrett, Ind. T., Feb. 15, 1901.

She is Cured from the Worst Kind of Suffering.

DEAR SIR:—I received my bottle of "5 DROPS" and Pills Feb. the 9th. When I commenced to take your "5 DROPS" I could not turn over in bed. I had pains in my feet and arms, and sometimes I would think I could not live another hour. There were ten days and eight nights I could not be undressed. For four months I could not raise my hand to my head, and my fingers were so drawn I could not close them half way. I bought several kinds of patent medicines and liniment, but they did me no good. Then I went to the best doctor in Georgetown, but got me relief from him; but since taking "5 DROPS" I can do all my housework. Your medicine has been a godsend to me indeed. SALLIE GORHAM, Biddle, Ky., Feb. 28, 1901.

La Grippe, Neuralgia and Rheumatism Cured.

Mrs. Mary Crawford, 53 Morris Block, Johns St., Lowell, Mass., writes March 9, 1901:—I wish you would please pardon me for delaying so long in thanking you for your bottle of "5 DROPS." My daughter had been sick for four years and had been in the hospital, but they told her she could not be cured. I bought her three bottles of "5 DROPS" and to-day she has not a pain in her body. The only druggist I could get it from was Mr. Goodale on Central Street. I do wish your remedy for Neuralgia and Nervous Rheumatism was more widely known. I cannot say too much in its praise. So long as I can buy it I will not be without it. I was sick myself with La Grippe and it cured me. It is a blessing to suffering humanity.

Eczema and Neuralgia Cured.

Miss Martha Rye, Hartley, Miss., writes March 14, 1901:—Yours to Ida Rye is to hand. She never used your "5 DROPS" but gave it to her grandmother, who is 82 years old. Has had Neuralgia for 35 years and suffered untold agonies, but since using your "5 DROPS," she has been entirely well and free from pain. She used the sample bottle, and I got her a dollar bottle at the drug store. She is well to-day and says she owes it all to "5 DROPS." I am her daughter; Ida Rye, my niece. I used your Salve for eczema, and one box did me more good than all the remedies I ever used; in fact it cured my hand, and it has never broken out since. I am recommending your "5 DROPS" and the Salve to everybody I know, and believe I could sell a good deal of it if I had some on hand. May send you an order later.

Cured After 4 Years of Suffering from Sciatic Rheumatism.

GENTLEMEN:—Have just sold the last of previous order, but have calls for more "5 DROPS." Can surely find living evidence of its great curative power, having been afflicted constantly with Sciatica for nearly 4 years, and it steadily grew worse under the best medical aid I could find until I tried "5 DROPS," and I am proud to say they have taken me from my bed, where pen and tongue would fail to describe the pain and anguish I suffered, and have set me about my daily vocations of life a new man.

Yours very truly,

E. E. SHIMER, MacFarlan, W. Va., Feb. 10, 1901.

Suffered Over 30 Years and is Now Cured.

DEAR SIR:—I had Sciatica for over 30 years and could get no relief. I would be laid up for a month or six weeks at a time, and since I began taking "5 DROPS" I have never had another attack. It has done wonders for me. For six months at a time I went on crutches. I am 76 years old and can walk better now than I did 30 years ago, for at that time the pain had drawn my lips out of shape. One year ago a lady took dinner at my house. It was close to the school and she was a teacher in the seventh grade. She had Sciatica so bad that she had to be brought in a hack to and from school. I tried to get her to take "5 DROPS," but she said it would not help her, as she had inherited the disease from her father. Finally I sent for a bottle for her, and after using the sample bottle she is entirely well to-day and still teaching. "5 DROPS" cured her after she had had to pay \$40.00 doctor bill.

Yours respectfully,

THOS. D. TRUSTY, 420 3d Ave. N., Ft. Dodge, Iowa, Feb. 20, 1901.

Cured by "5 DROPS" 2 Years Ago from Rheumatism and Heart Weakness After Suffering 49 Years—69 Years Old and Still Well.

IT PROVES TO BE A PERMANENT CURE.

SWANSON RHEUMATIC CURE CO., 160 Lake St., Chicago; DEAR SIR:—Your bottle of "5 DROPS" received. It was for an old friend, Mr. Wm. Edwards, of Martinstown, Wis. He has had Neuralgia in his chest, suffering a great deal of pain, so much so that it affected his heart, and he could not sleep on account of a smothered feeling. He had been under the care of the most eminent physicians, but obtained no relief until I gave him a dose of "5 DROPS." He rested all the very first night, and has ever since, and is gaining daily. I myself am 69 years old and commenced taking "5 DROPS" last April for Rheumatism which has troubled me terribly for 49 years; also for a weak heart, from which I have suffered since I was 18. Since taking "5 DROPS" the Rheumatism has all disappeared, the stiffness has gone from my joints, and my heart never misses a beat. In all my life I have never felt so well, and I owe my health to "5 DROPS." I only wish I could sound my bugle of praise loud enough to be heard the world over, and could convince every sufferer that "5 DROPS" is all you claim it to be and more.

MRS. D. T. CARVER, Winslow, Stevenson Co., IH.

Help For All.

Mr. H. W. McBride, Holdingford, Minn., writes March 11, 1901:—Since I arrived home a few days ago, I had four calls for your medicine. I gave away one bottle to my neighbors and sufferers of Earache, Toothache, Neuralgia, Headache, Sprains, and many other ailments such as we wish to be free from, and they all highly praise it. You will find post-office money order to the amount of \$10.00 inclosed in this letter for more of your medicine. I wish to state that I have been greatly benefitted by "5 DROPS." Another patient, who claims his youth to "5 DROPS," is Mr. Ezra Baker, who is now drawing nigh to seventy summers. Mr. Baker was so bent down with Rheumatism, that a two foot stick served as his staff and support. Mr. Marion Ward and Mrs. Elizabeth Edeburn are daily praising "5 DROPS." Mr. Ward was afflicted with Nervousness. He can now shoot heads from pheasants with his rifle. Mrs. Edeburn was afflicted with Dropsy. She has taken the "5 DROPS" twice a day, and her weight has decreased from 310 pounds to 217. It is a good thing for her. A Norwegian lady whose name I have lost, was troubled with Asthma. Her wheezing could be heard from any part of the house. She has used a half bottle of "5 DROPS," has taken a few of your Pills and is now well. Mr. Dugald Stewart says he cannot speak too highly of the "5 DROPS" and the Swanson Pills. Miss Eunice Boynton thinks "5 DROPS" has no equal for Ear or Toothache. Mr. E. McFarland says the same. Mr. Allers says: "For God's sake, get me a bottle as quick as express can fetch it." He is a miller, and was one of the first millers in Minneapolis.

Prominent Clergymen Praise the Marvelous Curative Power of "5 DROPS."

This time a year ago I was obliged to use crutches on account of Rheumatism, but now, thank God and the regular and constant use of "5 DROPS," I am active and able to attend to all the duties of my sacred calling. Had my trouble not been chronic before I began to use your wonderful remedy I feel perfectly satisfied that my cure would have been almost immediate.—**Rev. FATHER MACKAY, St. James' Church, West Duluth, Minn.**

For twenty long years my wife suffered untold tortures from Sciatic Rheumatism and Neuralgia, and I thank God for the day that your heaven-sent remedy fell into my hands, for it completely cured her. I am a minister of the gospel, and when I find any who suffer I cannot help but recommend "5 DROPS" for I know it will do more than you claim for it.—REV. F. M. JOOPER, Washington Center, Mo.

I suffered terribly for 2 years from Nervous Prostration. I tried other nerve tonics with very little relief, and, in fact, I began to despair of ever being any better. Fortunately for me, Dr. Allen M. Sage recommended your remedy so highly and told what it had done for him that I was induced to try it. To my great astonishment one bottle of "5 DROPS" and one box of Swanson's Pills did me more good than all other medicines I had ever taken. I believe it to be the most wonderful discovery for nervous and rheumatic diseases of the present age.

REV. I. A. BOUT, Ionia, Mich.

Rev. E. H. Kearler, of Marshall, Texas, writes as follows on March 13, 1901:—I have been recommending your remedies the last four years. Wherever I go among the afflicted, I speak in the highest terms of praise of "5 DROPS." I cannot do otherwise. My wife suffered almost continually with Neuralgia in her back for about twenty years. Between three and four years ago I got a trial bottle, and afterward a large bottle of Swanson's "5 DROPS," and it cured her sound and well. She not only had Neuralgia, but Kidney Disease, which the doctors pronounced Bright's Disease of the Kidneys, but "5 DROPS" has perfectly cured her. I have recommended it to many sufferers and it always relieves and cures. In the last three years by the means of my recommending it, I know of hundreds of bottles that have been sold. Being a minister, I am necessarily much among the afflicted and much away from home, and have had a good opportunity. One of our sons sent to you and got \$5.00 worth of medicine and divided it with us. You may feel free to use this voluntary and just testimonial if you wish and need it.

Swanson's "5 DROPS" is a remedy that cannot be beat for Rheumatism and kindred diseases. I, for my part, will never be without it. It cured my boy who was troubled with Rheumatism and also a neighbor troubled with Cholera, so, you see, I can never praise it enough. F. Stollhaus, St. Louis, Mo.

I had pains in my elbows and shoulders and my shoulder joints at times became loose and pained me so that I could not sleep nights and at times I could not get my arms as high as my head, but thanks to Swanson's "5 DROPS," I can now rest nights and my arms are getting stronger every day. G. S. Harding, Brookings, S. D.

It is now three years since I used Swanson's "5 DROPS" for Rheumatism. I was a great sufferer and tried all kinds of remedies, besides several physicians, but could not obtain relief from them or their prescriptions. I saw your remedy advertised in the paper and sent for a bottle. I took it and before a week, could get around as good as I ever could. I do not think it has any equal for Rheumatism. Mrs. Geo. H. Gulick, Bound Brook, N. J.
